

PHARMACY TECHNICIAN PROGRAM

VCU SCHOOL OF PHARMACY, CONTINUING EDUCATION

This 15-week review course is designed to prepare participants to assist and support licensed pharmacists in providing health care and medications to patients. Participants will obtain a broad knowledge of pharmacy practice and be skilled in the techniques required to order, stock, package, prepare, and dispense medications under the supervision of a licensed pharmacist. Upon completion of the curriculum, students will be eligible to take the Commonwealth of Virginia and the National Pharmacy Technician Certification Examinations.

REVIEW COURSE TOPICS

- Introduction to Pharmacy
 - Top 200 Drugs
 - Mathematics
 - Reference Sources
 - Inventory Management
 - Integrated Lab Experiences
 - Pharmacy and Medical Terminology
